**Role:** Prepare a brief summary of the assigned reading. Select the most important plot events, the key highlights, the major ideas and record them. To help you organize the information, consider making a numbered list or time line. (\*If you are having trouble identifying significant events - What changes did you notice?) You may use the sample questions as a “basis” to formulate your own. Finally, you must find at least 3 elements of **foreshadowing** in the section read and **predict** what might happen next.

**Sample Questions:** These questions should center about “**I wonder why...**” types of questions. What questions might appear on an exam? What might be a good **essay** topic for this section of the story? What **clues** did the author use to help you predict what was going to happen **later**? What is the setting? Who is the protagonist? The antagonist? The mood/tone? Why?
